

Duke Energy Lake Services
Knowledgeable Contractor List: **LAKE KEOWEE**

The list of “Knowledgeable Contractors” is **not a guarantee on the part of Duke Energy** but it does mean that the individual either attended a meeting with Duke Energy Lake Services (DELS) personnel or met one on one to go through the Shoreline Management Plan regulations with respect to whatever service they supply – docks, shoreline stabilization, etc. It means they took the time to hear and understand these requirements. This does not mean that a particular contractor doesn’t know the rules and regulations, it just means they did not take the time to be placed on the Knowledgeable Contractor List.
